Principal's Message

Welcome back everyone. It is so great to have all the students back at school and in person. We want to thank everyone as they helped us transition the students to online learning for that week. Without your help guiding the students through online learning it would not have been possible. We also want to thank all the families who borrowed a chromebook and returned it so quickly that was a super big help. Yesterday's snow event was something else and I can honestly say how much fun the kids had in the snow at recess. If their snow gear came home wet I am not surprised, as we may have had fun covering everyone in snow. Hopefully Some warm winter weather continues. Stay healthy everyone and take care.

COVID Corner:

In the new year, we will continue to follow Covid Protocols as set out by the province and NLPS. Please continue to do the self check with your child(ren) every morning prior to coming to school. [Daily checklist for Children](#)
Also a reminder to parents that a mask is required if you are entering the school.

Medical Allergies or Needs

If your child has any special medical needs or allergies that we should be aware of please notify the school about it as soon as possible. If your child needs to take medication during the day please talk to Mrs. Marchand as we would like to keep everything at the office for safety reasons.

Attendance - Checking in/out procedures

Our procedures have changed a bit due to COVID restrictions. Our front doors will remain locked throughout the day. Due to the reduced hours of the administrative assistant we kindly ask you to report any change in pick up or bus riding schedule in your child's daily agenda. If your child is absent from school we will be making follow up phone calls, as per direction from the Education minister. Please report absences to the office by either a phone call or on school messenger.
